<http://getsexualattraction.com>

Thanks for downloading this special report on sexual attraction with hotter* women.

This is about having a reality where attractive women (and more of them) *WANT even DESIRE* to be with you – yes YOU.

All without you ever having to manipulate, take away or coerce them into *anything* (and without having to worry about what to say).

This is NOT about emotional intimacy, soul mates or romantic love with a woman. It's about the **raw sexual attraction component**. From there, whether you want short or long-term relationships, emotional intimacy and all, it's up to your values.

Because without sexual attraction chances are you won't get to that other stuff anyways.

First, let me ask you a question and then we'll revisit it later in the PDF.

Would you rather 'want women' or would you rather have women 'want you'?

Think about your answer and then just refocus in as we move forward.

Hi, I'm Rion and you may have watched some of my videos on Youtube that led you here, but this is where we get real focused and where we can actually **move forward** together to radically and permanently change your level of lifestyle and success with women.

This PDF will connect you to an entire shift in your reality with women as compared to the micro-improvements of 1 step forward and 2 steps back you've likely been taking with inner game, online dating or pick-up style seduction arts.

This report will reveal;

- The primary (*universally proven*) **secret*** to getting (*receiving*) sexual attraction and flirting from hotter women **instantly** w/o any 'effort'

*(It's a 'secret' b/c it's hidden (kind of like this) from our consciousness awareness AND b/c the dating industry has warped it with game and their personal viewpoints) – if it was just 'my' secret then I'd be selling you on my personal & 'unique' way or something to have success with women – this is THE secret

- **The primary key to really ALL dating success and consistency (your future with women pends on this) **AND...****
- **Why** naturals, bad boys & jerks succeed – and how you can have their level of sexual attraction power while being the **GOOD catch & choice of women**
- Why pick-up artists consistently fail (even after almost 2 decades now)
- **Why** your years of personal & inner game growth are getting you virtually nowhere with women – *and how to change things so that women finally care about what you've been doing all these years (hoping they'd somehow notice)*
- **+ WHAT global shift and practical strategy** to finally focus on that actually gets you consistent, expanding results with hotter women starting now
 - All while actually GROWING in power and dignity as a man - instead of losing or risking it and WITHOUT fighting powerful invisible walls of resistance and self-defeat. *Sound good?*

If you take and apply this major paradigm shift, the world of women will open up to you in front of your eyes as it did for me years ago (and my top clients) so that women literally **compete** for you**.

This is all while feeling GREAT about it with nothing to hide, **AND** while actively becoming and growing as a modern, mature, fun-loving, in-demand alpha male.

*** (And I do mean actually 'compete' for you in their own healthy ways – especially in certain social dynamics but that's another discussion).*

Why would women ever compete for you?

Because of the secret you'll possess; because you'll stand out above other Western men; because you'll be **THE** man *they* feel attraction for, because they see and sense that OTHER attractive women want you, because you'll be the

BALANCED catch without the dysfunctions of bad boys AND because you're the real deal so women can trust and open up to you – no faking it.

From this base of POWER and alignment you can then HAVE a reality of attracting and dating women even if it's a long-term relationship you value.

If you're willing to let your past (and any identification with the suckiness) go, you can have this reality with real women faster than you may realize is possible.

First;

Do I mean that 'ALL' women will flirt with you (like when they're crossing on the opposite side of the street or something)?

No; as not even a single **Brad Pitt** would have 'all' women flirting with him when he is crossing the street or something.

But we *are* talking about a realistic valuation of when you're meeting women, interacting, socializing, at classes, gatherings, or just showing up where women are present in some kind of social environment or dynamic.

Their signs are *usually* more subtle than you'd think (but that subtlety means **everything**).

Once you know this primary secret of dating and attraction success (which you and women can verify as true), I'll give you more insight, a paradigm shift and then we'll end it with *the next best step from here* so you can directly and finally live in a reality of sexual attraction, flirting, connection and unlimited options with hotter* (and yes Western) women.

But in order to experience real attraction from hotter women (*imagine how THAT will build your confidence on its own!*), you ARE going to actually have to **change from who you are being right now** – (and from just collecting more information).

This awareness is transformational on its own *and can single-handedly save you from years more of frustration and expended effort, but it's the beginning.*

Even if we never work together and you just stay on my mailing list (of which you're welcome to stay or unsubscribe at anytime), you're still going to have to **CHANGE** to get a **new experience** with women.

And it makes sense though right? You can't hold onto the dysfunctional, limiting beliefs and values *ie.* that pick-up artists have **while** wanting to truly become the man that women NATURALLY fall for and can't help but continue thinking of.

And I'm going to reveal what that actual paradigm shift is in this PDF, ok?

*'Hotter' btw refers to *your* definition and valuation of 'hotter' which could be; 'all that', popular, independent, glamorous, sexier, prettier, smarter, more beautiful, more intelligent, more 'bangin', or even the magical special qualities that really compel you that you can't and shouldn't explain'

Ready for the life and lifestyle change you've attracted?

Good, because I'm 'bringing it'! You would just have to choose to accept it.

Ok, so enough foreplay, let's get right to it!

What is this ever-present secret to dating success and sexual attraction?

It's as simple as this:

ALL that really matters is that *she's into you.*

That's it. And you can start looking at your PAST successful relationships to find this is **phrEaKily true**. But we don't see it with this simple clarity.

Think of the times when things DID work out in your past; I can bet it was **when a woman was into you**; even when you didn't know *why she was* and even though you may have been doing things that could have screwed it up - **it just worked**.

Sure, she may not have been at *the level* you wanted, but it's actually the same **dynamic** with higher levels of beauty.

In a free culture, **other than** blind-dating, speed-dating, pre-arranged dates OR women with another agenda; gold-digging, groupies, 'sleeping her way to the top', call girls, escorts, green card seekers pressing marriage, etc.

Every time you dated a girl (or had sex), you will find that she was into you; she was responsive enough to continue developing something with *you*. And guess what? Every time in the future she'll have to be into you too.

And the MORE a woman is 'into you', the *more* she'll forgive your ineptness, weaknesses, flaws, imperfections and 'mistakes'.

And you can even ask women. In fact;

Check this out - a top natural & friend of mine (*who is also very social*) has talked to 1000s of women on this and also confirmed that;

What women wanted and loved the most is 'a guy that SHE is into'.

This means that she *feels sexual attraction around him* – and specifically for him.

David DeAngelo of DoubleYourDating put it this way:

'Attraction isn't a choice'

(my paraphrase);

*"..When a woman feels attraction for you, there's nothing you can say or do for her to change her mind. And when she **doesn't** feel (sexual) attraction for you, there's nothing you can do to convince her otherwise."*

(They'll literally throw their personal preferences and desired personality traits OUT THE DOOR for 'that man' she feels it around).

Think of how profound that is and how it affects everything as far as your dating life: attraction isn't a conscious choice on her part.

It's also ironic to think that despite DYD's influence online that the PUA's and ***seduction lairs didn't get that memo*** years ago that they *can't convince her otherwise*.

It's not a logical or 'conscious' choice she makes about sexual attraction with you; it's all about HER intuition and how she FEELS around you; like ***in the first 5 seconds***. Yeah – *in the time of a good sneeze*.

AND it has *nothing to do with* what you are 'doing' or even 'saying'.

While you're valuing what you would say to impress her, women sense and unconsciously judge everything that's going on *intuitively* – the more important stuff to her – and THAT'S what determines if you two would ever get together.

Hearing this, it may seem like you're (*s.o.l. – sh*t out of luck*) and that it's 'out of your control' –

“Oh sh*t-man, might I be *coming across as a sneeze to these hot beeches* and ***they'd rather I just gone!?!***”

Sure - you may not want to hear or accept that; but keep reading (I promise, it'll be worth it). And we *might* even get to some more of my broken English interpretations. *But for the record, never call a woman a beech ;)*!

For so long, horny and intelligent men have discounted and even denied the simple truth of **a woman's intuition** and its place in the reality of consensual sex and dating (*as compared to the fantasy of sex and dating*).

The entire reality of Pick-up artist seduction and 'game' is built on a foundation and value system of trying to trick and fool a woman's *knowing and KEEN* intuition.

PUA's HATE a woman's intuition -

Because it's in the way of them getting LAID!!

No wonder they have such a difficult time going to 'battle' to outwit it when it's designed to keep them out!

(I mean, why *else* do you think they congregate where women are often drinking so they can have more of a chance to win in battle?)

When-EVER you meet her; would you rather have a hotter woman's intuition working FOR you or AGAINST you?

What say ye?

Now that you're probably reeling a bit; let me hit you with another curveball:

Do you realize that **YOUR** effective pool of free-will dating options (and women you would have consensual sex with) are limited to women who would feel sexual attraction for (and be into) you **right now?** Awww – snap!

That's kind of a freaky thought!

But the secret reality that most dating guru's don't want to acknowledge is that **women are selecting you**; (you can approach, meet and 'choose' them, but it's not going ANYWHERE if she never opens up to let you in).

Most dating advice online 'skirts' around the real issue – *and we'll get to why.*

Men – don't like that kind of power 'out of their hands'. So, while you're valuing and focusing on all these superficial, external or 'logical' things as a man, a woman is still valuing and selecting you on a different level entirely out of your awareness.

And if a new woman you're meeting **doesn't intuitively feel authentic attraction for you** (in those first few seconds – **at least a spark**) the chances are close to **nothing** things will **ever** turn sexual no matter how much game you run, how built your body is, how much money you have, what your social status is (*we're talking about REAL attraction here, not gold-diggers*) or how much 'personal' confidence you have.

Nor does it matter how much time in the future you invest into those areas!

However; the chances ARE good if a relationship continues that you could

END UP ...IN THE FRIENDZONE !!

(duh duhh duhnnn...!)

Tell him what's he's won Alex!....

"a relationship lifetime of chick flicks, snuggling her head on your shoulder, keeping you on standby 24/7 to do random chores, manly maintenance at a moment's notice and force listening to her rave on about the other man she's into b/c you're the only guy she can open up to about things while still hoping she'll finally see you in a different light while you still fantasize about getting physical with her!"

You might get so sick of it that you envy the bad boys or jerks because at least they are fulfilling **their** sexual desires – even though they may mistreat women. None of it makes sense to you as you're afraid that nice guys might finish last.

Or you could fight the odds and ride the 1% or less chance you can convince her otherwise (or force her into concession out of her boredom).

But when she IS into you & feels attraction - everything can work

AND that's when you can have your own desires fulfilled too. And you feel confident in that dynamic.

I mean; ***didn't it feel good*** on a certain level when your web-footed Amazonian made you great food and paid you compliments ((while you wished physically she was (*insert actress/p*rnstar/model name here*)))?

But you kept seeing her because at least something felt right about it.

When women are into you, you don't HAVE to chase them, ***they're chasing YOU*** (albeit usually in more subtle and 'cool' ways than it sounds). They're showing UP instead of flaking. (*And they're acknowledging your existence too btw*).

But you might be thinking;

"Yeah but Rion, how can I have *hotter women chasing me* **instead of** that one Battleship or 'the Deusenhafel' camping outside my door that my buddies urged me to 'take one for the home team' with?"

Keep reading Cap'n....

Now...think of the implications of 'if-and-when' MORE and HOTTER women start feeling this undeniable attraction and response of **being into you** when they first meet you instead of just like some average looking women.

The same dynamic of women being into you is there **but the women just keep getting hotter and hotter who are giving you signs** and openings of attraction, flirting and dating interest. *This has become my reality world-wide and with Western women.*

What kind of price would you pay for that reality? Because to me it was one of the most important things in my life, partly because I knew I couldn't 'pay' for something like that, and I felt I deserved better for the level of man I already was but no **matter how much I improved myself PERSONALLY**, it didn't equate to sexual attraction and chemistry with women.

It wasn't until I got to our upcoming secret/solution that everything changed.

How about having a reality where instead of battling the intuition of desirable women; it works in your favor FOR you (and her) instead of against you?!

..Where you can simply facilitate the logistics and even drop all game without worrying what to say?

Imagine that liberty and worry-freeness while enjoying all the benefits with higher quality women who are helping you to discreetly connect with and meet them!

Remember, this is women who want to meet you or are open to something (including women who are taken who can't help but light up around you).

Notice a theme here; it's about how SHE feels for you and NOT the other way around? I want to briefly expand on this (*and it's the 1 thing I learned from Doc Love going back to 2004*).

It doesn't matter **your** level of desire and fire for *her* – usually that will throw you off around her anyways.

SHE has Got to be into You

And **right now**, I'd bet pre-dominantly it's YOUR desires for hotter women and not the other way around (*and I'm not even a betting man!*).

So even if you answered that starter question as having women into you, **your subconscious** and sex drive itself may have a different answer.

When it's just YOU and **your** desires for a woman, it's going **FAST** to fantasy-land, never-never-land, the strip club or the friend-zone. How many times has that happened to you?

What are you actually attracting and manifesting when your desires matter more than hers? Who are you actually 'with' when it's all about your desires – *Rosy Palmer??*

You **want** her? *So what!?* Welcome to the club; take a number (and wait in the Beetlejuice looney lounge) - So do 100,000s of other men because of her hot yoga pant instagrams, etc..

What's in it for HER?

You may not want to hear this; but I'm going to tell you anyways because it's a bigger pandemic than one would realize, and it has to do with our major paradigm shift into having women feel sexual attraction for you. (You may have been STUCK in this cycle for years).

The online dating and seduction industry caters to selling a man on **his** desires for sex with women. So does MAINSTREAM advertising and media.

Yes. It's all about him (you). About 99% of dating industry advice for men is about catering to MEN'S wanting, needing, desiring or getting something from women but as we've already covered - that's not how things work in physical reality (***but DAMN! the fantasy of sex sure does sell though!*** – @ least that *American Pie* trilogy is fuNny).

By associating sex with THEIR product or solution you don't actually end up with sex, you end up with their product!

So how often have you been led down that road (when even all of the men's magazines are like that too?). The cycle is so ingrained we take it for granted and don't realize the massive implications.

The bittersweet irony is that selling you on 'what you want' from women, never actually leads to connection with a real woman (nor does it even value it) – ***that's the entire illusion!*** It leads to buying into more of the fantasy with women that feels good to you (including solo masturbation where your body experiences the pleasure of orgasm so it wants more).

Kinda scary to think about it, but admittedly – ***SEX SELLS*** and there are *professional marketers preying to and triggering your desires*. What you end up attracting is more of that fantasy and **more of your feelings for women**.

Remember things work with women when THEY are into you of their own accord and free will PHYSICALLY (and free from commercial agenda). It's NOT about you or your fantasies whether you have them about her or not – (nor about what level of fantasy you have for her).

Dayamm!!..yeah – that's what I thought!

Getting some awareness here? So while you're caring about YOUR feelings women are isolated...what about HER feelings and the me-me-me-ness of that? And the cycle exacerbates this disconnection between you and women.

When women WANT YOU, there's something inherently in it for them.

I'm all about empowerment and when you're aware of these things like I became, you're less confused and 'in the dark'. I'd bet a lot of men are actually happy and content right now living in fantasy instead of reality with women. And they're professional at attracting more of it (as compared to real women being into them).

But if you *do* value the real thing and how reality works; if you really want to enjoy the PHYSICAL experience with hotter women and you respect the role of her intuition that can work for you instead of against you; then you should submit

to the reality (*like I have*) that **it is she who has to feel attraction for you no matter WHAT else you're taught, bought or sold into.**

Which would you ACTUALLY rather have; Fantasy sex or the physical reality with women? Now; ***which would your sexual subconscious rather have?***

Once you're at a place where you know you really value the physical reality of attraction (*at least consciously*); **THEN we can shift our focus to fast transformation** that actually changes your experience with women and how they respond to you. It gives you an entirely new level of power and freedom.

Because otherwise when you leave this PDF or my list, by default you're going to be sold back into what marketers or 'gamers' want you to hear (about your collective and personal fantasies about women and getting sex; a new way to trick her into it, etc.) and attracting more fantasy sex with women - without it ever REALLY changing women's attraction with and for you on the physical.

It's like the difference between 'freaky' and 'phreaky'

And this is all ***sexual*** by the way – her attraction and being into you (which is more like lighting up, held eye contact and flirting around you than oh say a LAPDANCE).

Flirting LEADS TO the 'real thing' down the road in a consensual relationship but if you don't even value what leads to it (her being into you), it ain't even gonna start.

If she's into you 'personally' and you have a great interpersonal connection with similar interests ***yet without HER attraction***, you're headed straight to friend-zone if anything. Besides how can she really KNOW you personally in those first 5 seconds before you even speak?

This is ***SEXUAL*** attraction; not inner game posing as sexual attraction.

This is why inner game (your personal and ego self-development) goes out the window. Inner Game is ***irrelevant*** anyways if she doesn't feel some (sexual) spark around you on the sexual and subconscious level ***first*** (in those initial 5 seconds).

Women don't even CARE about your inner game (or body) no matter how much you've built it – it's not sexual; they care about how THEY feel (around you).

And this is the EFFECTIVE truth no matter how hot or popular she is. And it's true at the **highest** levels of hotness. It's not what you do or what you've become great at to try to impress her; it's how she feels around you.

If you want sexual relationships or relationships to HAVE a strong sexual component; it has to start with that frame **of her intuition being into you sexually** and THEN the other stuff like your personality, inner game, body, skillsets, humor, etc. starts to matter but men put the logical things first & remain confused.

When a woman's into you;

And feels a spark; she's giving you her REAL phone number, she's following up with you, she's finding reasons to come over, she's thinking of you, *she's* texting you, she's following your lead, she's helping both of you, she's finding cute subtle ways to make it ok to see you again *without it sounding desperate*, etc. and everything can work. You can have countless memorable experiences.

Isn't that what you really want and value anyways? ...when things WORK for **BOTH of you** based on a REAL connection?

THAT'S the physical reality of sexual attraction.

That's what I value!

BUT

When she ISN'T into you (*not feeling intuitive sexual attraction*) at cause in those first 5 seconds; **NOTHING you do works** no matter HOW much you want her, how much inner game or money you have, or how much you feel like proving yourself to her.

Here (especially if the MAJORITY of women in your experience aren't into you), you can easily suffer in your own un-natural world of unworthiness, misery, suckiness, apathy, friendzone, self-destructing or whatever it is you like to do,

self-soothe, find a new coping mechanism, withdrawal, depression, escape, fantasizing more, experiencing more anxiety and self-doubt around real women.

When a woman isn't into you she's rejecting you, ignoring you, passing you off, she's ice, she's cold, she's into someone else, she's not answering your calls, possibly treating you like her gay guy friends, not responding to your SMS unless it's to help her move apartments while you're daydreaming it will still work out, etc. and you're left on a limb of your own which further repels MORE women away from you and your 'off' vibe.

And because you feel something for HER still, you may do all kinds of self-destructive things you're not even aware of to try and 'make up' for her not being into you including buying expensive dinners, flowers, seeking her approval to validate yourself, trying to impress her more, making a fool of yourself, making her a mix-tape, dreaming of turning friendship into love and sex, justifying **why** she wasn't into you so you can be 'right', swearing off women for a short time, drawing back into yourself to prevent 'rejection', or just having a good ol' p\$rn binge, etc.

And in the end, she'll **still go for a man she feels sexual attraction for over you.**

And you can be **assured** he'll be less intelligent than you.

After a fit of confounded apathy, then you might 'hate' women even more until you come back around and realize you still really want them – and sex with them.

And that's not even to mention any feelings of jealousy, envy or depression you get when that happens – esp. if you thought she was 'the one'.

Or you might settle for guess what? A (level of) woman that is...> into you – yep.

This is also why the 'game' path appeals and sells to men powerfully – because they value bypassing a woman's intuition *which has rejected them* to still try and get what they want from her. They want that validation to fill **their** selfish ego and desires.

Do you want to argue **against** the ACCURACY of her timeless and knowing intuition *even if you disagree with it or are afraid what it could mean about yourself?*

Do you still want to convince her otherwise and be ***‘that’*** kinda guy?..

OR

***Do you just want more beautiful women INTO YOU
as a man who is in demand by women?***

(So you can avoid all of that self-tortured drama and things can just work?)

So let's look again and summarize how attraction and dating really works at the simple core.

ALL of your real world dating success centers around women themselves being into you and feeling *authentic sexual attraction*; that's the only way it works anyways because women have free will (and have to be selective about who they 'let in').

All those women you held onto fantasy about, continued pursuing, courting or day-dreaming, etc.? You should have just LET THEM GO because it was fruitless.

Remember, we're talking SEXUAL relationships here (not friend-zone; you may actually value and want that with some women).

And with the intelligence and intuition of in-demand women today, there are rare exceptions to 'women being into you' - (and I don't think you don't want to ***rely on*** 'lucky' or 'rare').

They are making these intuitive judgments about you FAST disqualifying all kinds of men even without their awareness.

If you DON'T accept this, don't want to face it or if you think you can change it by courting, gaming, talking, fooling, duping or wooing her into it; then you've been sold into an illusion and you'll keep attracting that which fuels that selfish desire

(including a consumer socio-economic relationship with the fantasy of relationships and sex) - and I cannot really help you. **It takes 2 to tango.**

So if you want the **reality** of your kind of HOTTER women, ***then the HOTTER WOMEN have to be 'into YOU'*** no MATTER your personal level of fantasy or desire for their hot bodies.

But you're probably thinking;

"Rion, I've already HAD women that I'm NOT interested in *into me* and it would have worked or DID work out (sure, she was a good deuce-deuce and a half, looked like the back end of a sweaty camel, hippopotamus, etc.), **but;**

***'How can I get the hotter women that I want finally 'into me'?*'**

Well, THAT'S the big question, isn't it?

In fact, isn't it like...

'The Million Dollar Question?!' ;)

Let's give that one a breather.

This is where it **ALL** boils down.

***The answer (to have hotter women into you)
is 'sexual presence'***

That's it.

It's NOT your personality or social status. It's not even your looks or money.

And it's certainly not your inner game or all the logic in the world.

A woman convinced against her intuition is of the same intuition still. *(I just came up with that one ;)*

She CAN be attracted to you for your fame or social status, but that's **social** attraction, social power and value – it does NOT mean she'll be attracted to you sexually and feel it intimately around you. Sexual attraction is sexual.

Sexual presence is sexual power. And power has INFLUENCE.

What matters in 1-on-1 relationships *(and not consumer fantasy-land)* is your sexual presence and **THIS is how she feels it** non-consciously and 'knows' intuitively in HER sexiness when you very FIRST meet (within those 1-5 seconds).

His sexual presence is what she undeniably 'feels excitement' and 'it' for without those men 'doing' anything *(often regardless of their looks or status)*.

Just because many a man before us have devalued, distorted or misunderstood it through the male mind; sexual presence is the real and EFFECTIVE direct answer that will DIRECTLY open the world of women up to you my friend. And...

Sexual presence is *the* secret element of naturals, rock stars, romance-novel archetypes, and the Italian guy she had a fling with but won't tell you about (unless you're friend-zone).

It's *the secret* of bad boys that instantly drives women into natural attraction within seconds without effort.

And now we've got a name pinpointed on what it is! Sexual presence independent of their other personality or character traits. When you've 'got it' around her (it's relative), you stand out and she knows it.

But the MORE sexual presence you have, the more you will CONSISTENTLY attract a higher quality of women (sexually) to you (and more of them) b/c it's not based on personality type.

That's why these men don't have to do things like study online dating and sexual attraction! And their confidence reinforces itself because they continually experience a dynamic of women being into them and an open connection with the opposite sex vs. disconnection and apathy.

It's not even all their other qualities you would think (and we've seen this to be true with men who aren't as good-looking or don't have much money, cars or great bodies).

Sexual presence is the universal 'unifier' of what women respond to in men.

Again; a woman will know if YOU have it for HER when you show up, or not – from yep, **your presence alone**. (Again, this is the key to EFFORTLESS success b/c it's not about doing, it's about 'BEING').

That's why she'll select 1 man over another (sexually). And you can be that man.

If you want HOTTER, sexier, more beautiful women into you, you have to cultivate your sexual presence so that more attractive women naturally respond to it (*instantly*) and finally FEEL something around you that is real and on the physical level.

You'd have to cultivate it ANYWAYS if you just don't have it now around those women. And you can do it indirectly or directly – your choice. You can TORTURE yourself in that process (think of becoming an mPUA whose only REAL secret is he finally ended up with more sexual presence the most painful way) or enjoy it.

Good news is that we can now work on it DIRECTLY for authentic sexual power (when EVERY other way was indirect **AT BEST** and if you did them functionally - including talent development, personal growth, body-building, survival training, martial arts, etc. - *even though all of those can easily get you further apart from connection with women*).

So if you've already been improving yourself and your inner game for years and you really value this; the GOOD NEWS and relief is that all you have to do is shift your AREA of improvement.

WOW! OMG, that feels like a relief just saying that even though I already know it's accurate for transformation!

And after HARDCORE personal (and even spiritual) growth that's exactly what I did.

Your sexual presence is now what you want to focus on, especially if you're already a developed and interesting guy with things going on in your PERSONAL or career life and lacking 'sexual' connection with women.

It could be your 2 new favorite words even because it will lead you to guaranteed success with attraction while becoming a better man.

Being sexually present and having sexual presence with women will bring you more success by doing far LESS and becoming an authentic man of integrity who has desirable, attractive power and sexiness for a long-term relationship (or fling) with higher quality women.

I mean if you've HAD a great connection with an independent woman but she was icier and it didn't turn sexual, but had potential – your answer is obvious my friend: sexual presence. There is no acting with it...when she's into you on THAT level, then things can progress to get physical naturally.

You may not get 'her' back but you can have entirely new experiences and there are a lot of women out there (more singles than ever).

ANY woman who turned you down in the past could totally be into the new you when you cultivate your sexual presence. (Just think of who she would respond to now and what he has – more sexual power and connection with her from his presence).

The stronger your presence, the stronger she feels you and the stronger her desire and chemistry can be around you – (even just talking about the weather).

Even women know (and feel) that sexual presence in men is THE SECRET

(when you ask conscious women or women to become conscious about it *they'll*

tell you it's the unifying factor amongst a wide variety of personalities or types of men)

– and besides it's just what WORKS anyways in their actions, how they describe the men who have an effect on them - and it's what works for BOTH of you (including the entire world of consensual hot sex and forming relationships with a sexual component with them where you're not 'starved').

High-quality women even sing and dream about men with compelling sexual presence whom they are 'into' in songs like J.Lo's "I'm into you". And they will do things and open up to a man like that which they WOULDN'T with men of less power. Again, you can be that man.

What IS Presence & What does presence look like that drives women?

Let's get an idea of what it looks like first;

Think of a skinny (so you can't blame it on his bulky body) A-list actor or musician and take away their fame, fashion or great hair. Say, Jared Leto. (Ok, try not to blame it on his skinny 'sexy' body either).

It's not even that he's the most masculine or physically built but that he has strong sexual presence which comes through in his body language.

Put him in a room with women and have him face a woman 1-on-1 (who doesn't know of him) and watch how they respond. THAT'S an idea of what sex energy and presence is.

You may not know that a woman actually FEELS a man's energy when close to him uncontrollably and PRACTICALLY in her own chakras (most men are cultivated to know what those subtle yet TRUE sensations actually feel like that are speaking the truth of him).

Or just watch me hosting a house party or leading a group of L.A. actresses at one of my sex energy workshops.

Or reference a natural you know with women and how women are into them (*which starts more like flirting and giggling instead of say, lapdancing*). *That man has POWER.*

Our own getsexualattraction.com mailing list is all about supporting your sexual presence cultivation and authentic attraction with women.

What is presence?

Another word for it is 'charisma' and it's not just on the body or physical level. It's energetic.

Blind people can pick up things like this and 'feel' power, lightness or darkness around them from presence, but a conscious, ego-loving self-centered man? **Ha!**

Women are biologically and energetically programmed to sense these things (b/c really it's the force of life within us that is driving that show).

When a rock-star or baby enters a room you, can feel their 'presence' w/o them ever having to say anything. There's something 'about them' that isn't normal.

Or just think of a time when someone had a really 'powerful presence' that you remembered – entered the room and had influence without speaking. You sensed that they were really powerful or important.

They actually have more power and charisma to influence others on those non-conscious levels where people can feel it in their subtle body and even BONES. Presence can quiver a woman with excitement (whether the man is aware of it or not).

Please don't devalue this if it sounds 'out there' to your logical mind – remember this is EVERYTHING for your sex life and remember; your logic doesn't create attraction. Mental 'thought-based' energy is not sexual. This level of sexual communication is going on whether you're aware of it or not and it's HOW women are selecting you.

With that said; what more specifically is sexual presence? It's your conscious sexual energy and power that expresses in and through your 'being' and communication.

It's your connection and embodiment of your divine masculine power as well as your relationship with the divine feminine in women. It's your level of alignment to the flow of life force energy itself on the sexual dynamic.

The power 'or conscious energy' of sexual polarity is the core of sexual attraction itself which comes together to create life in the process of attraction/seduction and reproduction.

So, the more in alignment you are with sex energy and the Force of Life attraction and creation (animals operate on this instinctually), the more sexual power and influence you have. These are powers beyond the personal self (and you can reference movie stars).

And the good news is that you can ABSOLUTELY work on developing and cultivating your sexual power and presence. Why? First of all because you've gotten OUT of natural alignment, fearlessness, expression and flow that you had when you were born. And 2nd because sex is non-physical.

There's other things I could say right now that would be too FAR OUT for you to grasp onto right now (I'm growing myself with a Tao Grand Master and another Master this year too). But yes, you can develop your sexual presence for powerful byproduct results.

Again, just defer to movie stars (name one; say Ryan Gosling) – and they have this same quality (whether they're conscious of it or not). It's the presence of a star that can EXCITE women and have THEM dreaming. The truth is you are a sex God and star but you'd have to cultivate your sexual presence to reconnect with and embody that greater truth.

Chances are, stars got there indirectly when we can do it directly (without you having to be famous) and this is the stuff I've become masterful at (more coming up on that).

“Tell me more about presence..

(is this like Eckhart Tolle or meditation?)”

(Well, Eckhart Tolle’s ‘The Power of Now’ doesn’t really value SEXUAL attraction and **sexual presence** – but otherwise it’s kinda similar in that you’re not OWNED by your subconscious or your monkey mind clutter).

Again, you’ll learn more through time about presence and sex energy in attraction by being on the mailing list.

With that said;

Yeah, being sexually present is when you’re IN your BODY and masculine **sexiness** in relation to her sexual energy power and femininity outside of your thought consciousness - so she can really **feel you** and the force of sexual attraction itself working through you within those 3 seconds.

Chances are you’ve rarely been in these states and when you were, it was with less good-looking women when you were more sexually present and were not nervous and self-conscious around.

Remember that anxiety, nervous tension, weak knees and stomach you get around hot, beautiful, confident women that YOU desire and want?

Since 2006 I’ve taught that media conditions you to sexually respond to the stimulus of a hot woman (Pavlovian style conditioning) so that she has the power and you’re the uncontrollable response with anxiety around her – (which is as sexy as drying paint to her).

Well, when **you’re** sexually present WITH **THE same women that didn’t give you the time of day** and truly are in the moment; you don’t have any space or room to be stuck in your mental chatter NOR to have a stimulus conditioned RESPONSE in your physiology!

Then you're powerful – (like her!) and she can finally feel you on the sexual level of power when you're IN your sexual power and presence.

There is none of that anxiety or nervousness around your favorite hot women when you embody sexual presence. It handles it right there and it's *what women want* and it's what beautiful women are WAITING FOR RIGHT NOW with men – especially because most modern men now have anxiety around true and congruent beauty.

When you're sexually present, there's not even ROOM for you to any worrying about what to say, playing scenarios out in your head or pre-configure how she'll respond, blablabah - just more chemistry, connection and awesomeness for you.

Presence just pulls you back into the worry-free moment so you can be and express more of your power and the power that is connecting with her on deeper levels. There's not even room or time for acting or playing out scenarios.

Being sexually present is also where your BODY, conscious and sub-conscious sexual energy are aligned with the physical reality of sex and sexual attraction (that which leads to creating new life) – like naturals.

The good news is that you don't even have to do years of releasing or therapy; just become PRESENT because there's only the 'Now' anyways!

Then a lot of it is about HOW much life force and conscious sex energy you have flowing through you (as compared to zen meditation) – we'll get into this in actual cultivation practice.

Good stuff – I know! And 1000s of men around the world have already experienced more sexual attraction results with our basic, primary sexual presence and attraction technique called Natural Grounding.

So having more sexual presence is where it's at for sexual attraction (and then dating becomes fun and enjoyable), but I want to revisit that question from earlier to help with the leverage of your paradigm shift to pull it together now before we take the next step.

If you had to pick your reality;

Would you rather *'want women'* or would you rather have women *'want you'*?

And I mean if you could ONLY PICK ONE and LET THE OTHER ONE GO; which would you choose now?

You may have a different answer than before after looking at your past actions. Think about that question from a new context and think of the values you actually have when you (and other men) lack success with women.

Which answer leads to *what kind of* results? Maybe compare it to the way you're living now or the values of the seduction industry.

So isn't it time to start valuing women being into you and BECOMING *that man with whom women themselves can be INTO (b/c that's when things work anyways)?*

There's your paradigm shift.

BAM!

And if you ***don't*** make a ***major*** shift on this sexual level; essentially, you'll go back into the fantasy world driven by your OWN feelings and desires for women instead of **LIVING in a reality where**

women.

want.

you.

(I'm giving that one some space to sink in)

Doesn't it feel kind of liberating like that? Yeah..

(ahhhh).....

Let's give it some more room to breathe

And to take it even further, what if you even deeply respected and valued a woman's intuition and free will to choose a man - whether it's you or not (instead of judging her for it or wanting to get something from your objectification of her with your own selfishness)?

Could *that* maybe shift your paradigm at the core (vs. trying to game and bypass her intuition covertly where you 'win' and she loses or forfeits?)

Could that shift how higher quality women are intuitively reading you when you show up? *Could that be a key to mastering indifference?*

Could that freedom and lack of judgment for her give her more room to feel attraction for you and even CHASE you b/c it's finally OK?

Could that make her feel GOOD that she chose you as the real thing instead of a regrettable mistake?

(space)

I have to say, I don't know how you responded but *damn* - that feels RIGHT to me. It feels good. **So when you:**

VALUE women being into you

+

Become the man that has greater sexual presence so they CAN be into you

BAM! -there you go!

Well...don't go to Disneyland just YET...

Finish this PDF first at least, but that's how YOU can have unlimited sexual attraction with hotter women.

Hotter ones just start being into you as if by magic *(and it's what I've gone through)!*

(because you're not DOING anything but **being** more powerfully and sexually present – and she's picking all of that up beyond logic where it matters – speaking to the 'sex' in her).

The most powerful and beautiful start resonating with YOU when you have this.

And not just that; if you keep cultivating your sexual presence as a specific part of your personal growth, you can even have the sexual power and value for LIFETIMES of connection with the level of women of your dreams – to KEEP awakening and expanding HER relationship with you.

Just think of the power of sex and how many hot, beautiful women there are in the world; well...by cultivating your sexual presence directly *you become that equivalent for hotter women* in physical reality (vs. selfishly fantasizing about it and not 'being' the man that turns her on).

Look, you're already AWESOME on some level and you're confident there (I KNOW you are). You already OWN it and know it. I couldn't figure out for the life of me way back then what was going on with women when I was so damn interesting, evolved and funny. But now;

It's about growing in this specific area to be awesome *HERE. That's why high quality men are confused and it seems lower quality men are ending up sleeping with the women.*

The more sexual presence you have, the worthier you 'are' and receive with hotter women (which yes, may lead to making out, sleeping with them or marriage, etc.).

It's about rising up to the level of more powerful women instead of justifying things or bringing them down to your level. This is your opportunity to evolve but specifically on this level.

Part of the secret and truth with sexual presence is you already ARE worthy to procreate with women on the sexual level, but you'll never access that knowing confidence and 'being' if you continue living the way you are or don't move this into embodiment so it's real around hotter women and overrides your other programming and blocks.

And when you work on your sexual presence (which isn't just working out on your body btw), you become a rare QUALITY of man who has that sexual power stands out (without being a jerk) – especially if you're already a great catch on other levels with admirable qualities.

Does it make more sense how women could be *competing for you (esp. once you let go of the past dysfunctional stuff)*?

Yeah...in getting up to par in the sexual presence area so relatively hotter women can respond naturally to you.

Now; if you DO want to move forward with all of this, don't for a minute think this is an inner game thing, fitness or diet thing or something you can work on logically!

Let's just separate 'inner game' (personal self) and the ego-identity of self from your sexuality and sexual consciousness entirely b/c that's been a MAJOR cause of confusion with past dating experts that's done FAR more damage than good. Your sexuality and sexual consciousness is still YOU per se, but please don't refer to it again as inner game.

'Becoming a better man' so women can be into you makes logical sense and is the part some guru's got right (*vs. ie. getting good at the 'skillset' of gaming women*), however remember;

Sexual presence and receiving sexual attraction with women is a SEXUAL thing and requires an entirely different toolset of 'improvement'.

And that kinda makes sense right? It's not an inner game thing.

Does your ego have control over which sperm cell would impregnate? No.

Again; we have to work ON the sexual level (which actually isn't even personal) so it might be some entirely new stuff at first.

We have to work with your sex energy; your sexual conscious and sub-consciousness as well as your life force yang 'chi' source sex energy itself and your energetic, chi and conscious relationship with feminine yin energy (sexual power) to get you faster, direct results in this area.

My most successful clients with women, they had something else; **embodiment**.

SO...The main thing you REALLY have to know to move forward to make the big change in your lifestyle is that **sexual presence EMBODIMENT** is the most direct and effective answer and the thing to value for success with more beautiful women.

You don't have to approach 1000s of women to get confident. Simply have a strategy of directly cultivating your sexual presence while simply continuing to meet or socialize with women physically and normally (this is how you'll gauge your results).

Otherwise just gathering information, you'd just be a conscious incompetent (as compared to naturals who are unconscious competents).

Sexual embodiment is where you get/have the results and competence. And this isn't an area that is valued or even really worked on in the West (let alone SOLD as a solution to success with women and personal evolution).

And now, you're probably more self-aware of the cycle of what is out there once you leave this PDF that will very effectively influence you online to 'buy' based on YOUR desires for women. But now, you have more power of choice.

You have the power to more clearly choose a path and outcome that will lead to a new result. You've probably seen that cycle at work for years if you step back and take a look-see.

I think that physical results are what matter to you; so don't even worry about the 'how' you just have to know the 'why'.

And you can't put a price on hotter women flirting (and dating) with you. Remember that today's 'hot' women transcend themselves with glamour and make-up so it's hard for you to personally compare to them UNTIL you start working on sexual presence yourself on more powerful levels (including the dynamic of social power which we now do vs. only the more 'feminine' or natural women).

So;

If you want hotter, sexier, more popular, awesome, independent or beautiful women then you have to become *more relevant and hot to THEM by becoming more sexually present* so the natural process of consensual seduction has room and reason to commence.

(*Note how I didn't say play social 'games' or 'bring her down to your level'*)

They may have social power and a hot body, but *without you* having and owning SEXUAL POWER you're basically not going to even affect them on that level.

As you value women being into you and cultivate sexual power and presence, you feel yourself becoming more confident and AT EASE without tension or worries when meeting hotter women and as they start being into you even if you change nothing else - no matter how many years you've struggled at this (and without fake self-talk or body language modeling or acting).

Sound better than where you're at now? You can have it, you just have to **develop your authentic sexual presence and power directly so women can help you OUT in dating** (*it takes 2*).

Well – directly is the FASTEST way to get there (because even if you became an overnight star on a talent show, it doesn't mean that you'd actually become sexually confident with women).

As you become more present, then meeting women and getting dates is just (mastery of) the basics (including testing their level of interest to prevent rejection) and facilitation of connection (which I can easily help you out with: no 'game' or coercion at all). Again, don't worry about that stuff now.

Remember, everything works and could develop into something more when women are INTO YOU. *It's also why naturals have no 'game' or invisible 'game'.*

And by now you may have made that empowering choice and paradigm shift to **value women being into YOU** – moreso than *you* being into *them*.

It's not that you have to be cold and aloof around women but your 'being into them' has THROWN things off with women like they're the **wAck-A-mOle** you can't ever hit. Maybe it's all been **too** wacky and just time for results that build and reinforce success instead of getting you further into self-doubt, etc.

Get sexual presence and then yes, you can share CONNECTION with a woman but without her FIRST being into you so 2 *can* tango, things ain't goin' nowhere stud.

I hope you got a lot of value and insight out of this PDF. You can [email me to let me know how it went](#). So let's wrap it up:

Sexual presence is where it's at for you to be the quality guy AND have sexual attraction with the women you want, so how can you get started to really dive in to get results in the fastest amount of time possible?

I've got something special for you as an answer but first, why me? Why Rion?

By now you may have figured I'm an expert in this area. Not only was I a top 3 natural dating and attraction coach in the online industry for 8.5 years but I get my clients results and I can get you results no matter what you've been through.

By sticking and working with me you're going to source for cultivating sexual power, charisma and presence – especially with the world of women for attraction. What we can do is FAR ahead of the dating industry AND I think you'll find that it feels right not to have to manipulate and trick women or faking something you're really not.

It may also be good to know that I'm really a pioneer sex energy expert now for big transformation; and living in L.A., will be working with actresses and performers for decades on **their** sex energy and charisma to have more power, influence, anti-aging, sex appeal, radiance, attraction and success in media and live performance.

Over the past 8 years we've had virtually 100's of testimonials come in from around the world just from men doing Natural Grounding (even before I evolved the business to Get Sexual Attraction & Sex Energy Success).

I was one of Double Your Dating's top interviews of 2008 and spoke at David DeAngelo's Man Transformation Event in L.A. I don't forget the one guy who gave me a standing ovation on my front left (*I think everyone else was still stunned*).

Yet now, I'm LIGHT YEARS beyond where I was then.

Even though you may find 30 years from now the seduction industry is what I was doing 5 years ago, I've moved on.

I've stopped creating dating products and smaller things like that and now I'm focused on helping YOU and men who are committed to their success TRANSFORM to become this greater man of sexual presence and awesomeness.

I've retired from my dating business to do THIS, be a transformational media producer, music producer and work with performers as a sex energy expert.

So - Yes, there are sexual presence techniques that you can do on your own (and will learn more about for free by staying on the mailing list) but you may not progress as fast as you'd desire esp. b/c it's probably new to you.

So stay involved on the list but look at it this way; **WHY WAIT?** You probably want results esp. after years of invisible resistances and big struggles.

I've had men take years just being on the list and still struggle with the free technique of Natural Grounding doing it 'on their own' because of all kinds of hidden and other blocks many of them have that can keep dragging on if they don't get DIRECT attention and coaching.

If you're REALLY serious about evolving and getting NOTICEABLE (from hotter women) embodiment of sexual presence, why don't you just [fill out this simple survey](#) so I can personally get more of an idea where YOU'RE at with women and what may be holding you back from simple, effortless sexual attraction with more of the women YOU want. I can see what's blocking you and take it from there.

Yep – *no cost or obligation* and you can get that full 25 minutes with me, my experience and mastery which I guarantee will be worth your time either way. [Answer these questions about your current reality with women and attraction](#) and then it'll redirect you to a place where you can pick a time to talk to me.

I'll talk to you soon! **Thanks for reading this PDF!**

-Rion

West Hollywood, CA

p.s. You can 'almost have it all' (and many men DO work on making money, building their body and inner game), but without her sexual attraction in you when she first meets you, all of that other stuff may seem like extra weight, because it CAN'T BUY YOU LOVE (or sex) with *her* free will. Sexual presence is your key to the world of attraction with higher quality women.

p.p.s. [Fill out the dating survey](#), schedule a time and let ME help uncover WHY you don't have sexual presence and more results with women...why wait and continue **not** living in the confidence you deserve (and that I KNOW you can have)?

I have NOT always been available to do this 1-on-1 call so check the link to make sure it's available.
